The Ice Channel – Olympic style bobsleigh

The Ice Channel

The guest bobsleigh was invented to let the general public have a try at this thrilling winter sport on ice. Experience a real bobsleigh run - this is your chance to ride on a genuine, Olympic style bobsleigh!

The trip starts with the transfer from the hotel to the Olympic Ice Channel Innsbruck. At arrival each rider will be provided with a helmet. Now everybody can choose between two options: The guest bobsleigh and the taxi bobsleigh. The guest bobsleigh holds 5 persons in addition to an authorized pilot and reaches speeds up to 80 - 100 km/hr. You leave from the ladies start, slide about 800 m and make 10 curves. For the taxi bobsleigh you start at the actual bobsled start used during the Olympic Winter Games.

Ride the full track down from start to finish and achieve a speed up to 115 km/hr; you make 14 curves and a difference in altitude of 125 meters. The bobsleigh seats two passengers in addition to two authorized pilots. Whatever option you choose, there will be a shot and a diploma waiting for you in the finish area.

General Conditions

Group size: 20 people about 50 min
